

NEURO-AFFIRMING SCHOOLS: CREATING AN INCLUSIVE CULTURE THROUGH WHOLE-SCHOOL PRACTICE

WHAT ARE THE AIMS OF THE TRAINING?

To support schools to understand what a neuro-affirming approach in schools looks like and to reflect on their current practice in relation to supporting neurodiverse children and young people in their setting

WHO IS IT SUITABLE FOR?

Senior leadership staff and SENCOs across school settings

WHAT IS COVERED?

By the end of the training participants will;

- Understand what a neuro-affirming approach is and why it matters
- Recognise the importance of celebrating neurodiversity and embracing the strengths of every learner
- Have explored the impact of neuro-affirming practices on the whole-school community, including staff, young people, and families
- Have gained access to tools and frameworks to evaluate current approaches
- Have begun identifying next steps for developing a more inclusive and neuro-affirming school culture
